## **EPA releases new booklet to help houses of worship identify and reduce environmental health hazards**

***Booklet focuses on keeping children safe and healthy where they worship***

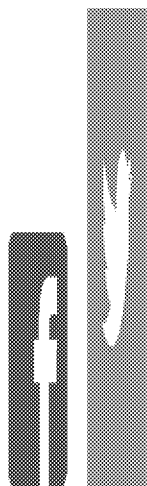

**WASHINGTON** (October 2, 2019) – In accordance with Children’s Health Month, U.S. Environmental Protection Agency (EPA) Administrator Andrew Wheeler announced the release of a new EPA booklet, *Supporting Healthy Houses of Worship: Effective, Affordable Measures to Protect the Health of Congregations and Staff*, on a call today with faith-based leaders across the country. This booklet is designed to provide places of worship with information on actions they can take to reduce environmental health risks, with a special emphasis on children’s health, as children are particularly vulnerable to many environmental risks.

“Churches and houses of worship play a vital role in American society, and we are providing them with voluntary recommendations for effective and affordable measures to protect the health of their congregations and staff,” said **EPA Administrator Andrew Wheeler**. “This booklet is an important part of EPA’s efforts during Children’s Health Month to highlight all our programs and resources available to protect children where they live, learn and play.”

The booklet is designed to identify some of the most common types of environmental health concerns (e.g., lead, mercury, mold/moisture, radon exposures, etc.) found in older facilities and contains voluntary recommendations that maintenance staff may use to limit risks to congregations. It also provides one-stop access to learn some facts about these issues and existing low-cost or no-cost measures to prevent, reduce and resolve each of the highlighted environmental issues.

To view the booklet: <https://www.epa.gov/education/supporting-healthy-houses-worship>.

Just talked with Brett .. turns out this is not a children's health item – and it has gone through full programmatic review – he is just waiting for OW and OP comments. It is going into the Administrator's binder tomorrow evening thanks gn

Hi Nancy,

The content is not 100% locked down and still open to revision, but if OPA wants to take a stab at creating a cover and replacing certain photos/graphics that would be a big help.

Thanks,

Brett

Ok when it's final I'll just need to know the quantity to be printed and the date of expected delivery. I can also send to Jeff Morin for 508 compliance.

Thanks!

Hi Nancy,

The content is not 100% locked down and still open to revision, but if OPA wants to take a stab at creating a cover and replacing certain photos/graphics that would be a big help.

Thanks,

Brett

Hi Brett,

I was forwarded a copy of the Houses of Worship document. I provided some comments/suggestions in the attached copy. I'm not sure when comments are due or what stage of the review process you're in, so hopefully these are still timely/useful. Happy to discuss if need be!

Best,  
Lindsey

**Subject:** AO Request

Hi Clint and Alex,

I need your help in getting the right people at OAR to review certain portions of the attached document.

The Administrator asked me to put together the attached document, which is a tool for houses of worship building managers to ensure that they are mitigating environmental hazards. To create this draft, we

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) but I need your help in ensuring that the references to existing laws/regs are applicable to private, non-profit entities. In particular, can you ensure OAR reviews Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) by COB next Wednesday (9/4)?

Please give me a call if you have any questions.

Thanks for your help.

Brett

**Subject:** Fwd: INFO REQUEST: Grants Programs Available to Houses of Worship and Faith Based Organizations

Hi Andrea — here's the OAR-wide response. I love OPMO!

None of the big name grants programs are open to nonprofits, just the discretionary CAA "103" grants. Here's what else I learned today:

Being discretionary, these are grant competitions that do not always happen on a recurring basis. They are listed on the bottom of this site: <https://www.epa.gov/grants/air-grants-and-funding>. Note that these grants programs are NOT open to nonprofits: Targeted Airsheds, National and Tribal Clean Diesel (DERA), and Community Scale Air Toxics.

Nonprofits could apply for these in 2019:

### 2019

- Tribal Training Support for the Community and Tribal Air Quality Programs  
RFA#: [EPA-OAR-OAQPS-19-06](#), Closing Date: September 20, 2019
- Energy and Integrated Assessment Modeling Studies  
RFA#: [EPA-OAR-OAP-19-04](#), Closing Date: September 6, 2019
- Household Energy and Clean Indoor and Ambient Air  
RFA#: [EPA-OAR-ORIA-19-03](#), Closing Date: August 6, 2019
- National Tribal Air Association Operations  
RFA#: [EPA-OAR-IO-19-02](#), Closing Date: May 13, 2019

More info:

OAR can award grants to houses of worship or faith-based organizations through discretionary grant competitions under Section 103 of the Clean Air Act, as long as they are registered as a nonprofit entity. Under Section 103, OAR has broad authority to award grants to eligible entities to conduct and promote research, investigations, experiments, demonstrations, surveys, studies, and training related to air pollution. In addition to nonprofits, these grants can be awarded to states, local governments, Indian tribes, international organizations, public and private universities and colleges, and laboratories. Grant competitions under Section 103 are typically open to all of these listed entities.

**From:** Hubbard, Carolyn [Hubbard.Carolyn@epa.gov]  
**Sent:** 9/27/2019 4:20:15 PM  
**To:** Drinkard, Andrea [Drinkard.Andrea@epa.gov]  
**Subject:** RE: INFO REQUEST: Grants Programs Available to Houses of Worship and Faith Based Organizations

If they fall into these eligibility categories they would be able to apply to any of the ORD RFAs. See below.

“Public and private nonprofit institutions/organizations, public and private institutions of higher education, and hospitals located in the U.S., state and local governments, Federally Recognized Indian Tribal Governments, and U.S. territories or possessions are eligible to apply. Profitmaking firms and individuals are not eligible to apply.

Non-profit organization, as defined by 2 CFR Part 200, means any corporation, trust, association, cooperative or other organization that: (1) is operated primarily for scientific, educational, service, charitable or similar purposes in the public interest; (2) is not organized primarily for profit; and (3) uses its net proceeds to maintain, improve and/or expand its operations. Note that 2 CFR Part 200 specifically excludes the following types of organizations from the definition of “non-profit organization” because they are separately defined in the regulation: (i) institutions of higher education; and (ii) state, local and federally-recognized Indian tribal governments. While not considered to be a “non-profit organization(s)” as defined by 2 CFR Part 200, Institutions of 20 Higher Education and state, local and federally-recognized Indian tribal governments are, nevertheless, eligible to submit applications under this RFA. Hospitals operated by state, tribal, or local governments or that meet the definition of nonprofit at 2 CFR 200.70 are also eligible to apply. For-profit colleges, universities, trade schools and hospitals are ineligible. Nonprofit organizations described in Section 501(c) (4) of the Internal Revenue Code that lobby are not eligible to apply.

Foreign governments, international organizations and non-governmental international organizations/institutions are not eligible to apply.

National laboratories funded by Federal Agencies (Federally-Funded Research and Development Centers, “FFRDCs”) may not apply. FFRDC employees may cooperate or collaborate with eligible applicants within the limits imposed by applicable legislation and regulations. They may participate in planning, conducting and analyzing the research directed by the applicant, but may not direct projects on behalf of the applicant organization. The institution, organization or governance receiving the award may provide funds through its assistance agreement from the EPA to an FFRDC for research personnel, supplies, equipment and other expenses directly related to the research. However, salaries for permanent FFRDC employees may not be provided through this mechanism. Federal Agencies may not apply. Federal employees are not eligible to serve in a principal leadership role on an assistance agreement. Federal employees may not receive salaries or augment their Agency’s appropriations through awards made under this program unless authorized by law to receive such funding.”

Andrea,

You can search the published assistance listings at sam.gov for recipient types, including specialized groups (see filters on left hand side). You can even use the keyword “religious” at that site to turn up every listing that mentions a religious organization is mentioned. You can look backwards in time at this page, I believe (so you can see all postings from the past year for EPA where “religious” is mentioned).

Note that some religious institutions might be incorporated as nonprofits and others may not – there are filters for nonprofits and generally more grants are available to that recipient type, in my experience.

This page is linked from EPA’s external website related to “grants.”

<https://beta.sam.gov/search?index=cfd>

I hope this helps in some way,

LE

<b>Ex. 5 Deliberative Process (DP)</b> As far as Terri’s question:
--

Are you asking for current grant opportunities in the Regions or any and all grants that faith-based organizations are eligible to apply for?

We’re looking for the latter. We want to be able to list opportunities, even if they’re not open right now. That being said, they should be opportunities that could be open in the future.

I hope that’s helpful. The list doesn’t have to be exhaustive, just examples of programs.

Thanks all!

**Subject:** INFO REQUEST: Grants Programs Available to Houses of Worship and Faith Based Organizations

**Importance:** High

By 3PM today, could you check with your regions/offices to see if you have any grant programs that houses of worship or faith based organizations could apply to/for? I would just need the name of the program, a link to the program and a short blurb (unless the blurb can be found easily on the website, in which case just the name and the link).

Danny, thanks again for doing this. I just got a chance to review and I really like the intro you wrote. I'm finalizing my edits now and—as you had anticipated—they're fairly minor. Once I get that wrapped up I'll forward to the offices you identified and make sure all the regulatory information is relevant for private institutions.

Thanks,

Brett

**Subject:** RE: Meeting follow-up - President Trump's EO on Faith-Based Engagement (May 2018)

Brett and Amanda ,

It was a pleasure meeting you two this AM. As we discussed, President Trump issued an executive order on faith-based engagement, [Faith and Opportunity Initiative](#), in May 2018. You may find it helpful to reference this EO as you work to support the Administrator's efforts to improve EPA's engagement with faith leaders and faith-based organizations. If I recall correctly, I believe Derrick Bolen represents EPA at the White House meetings pertaining to the implementation of the EO. Also, as I noted, Doretta Reaves, Office of Public Engagement and Environmental Education, is the staff lead for faith-based engagement, and she coordinates a monthly call with a set of faith-based organizations working on environmental issues.

Some of the key points of the EO, which I believe are most pertinent to EPA, are as follows:

- Section 1 - Recognizes faith-based and community organizations serve individuals, families, and communities differently than government and are essential to revitalizing communities.
- Section 1 - Welcomes opportunities for government to partner with faith-based organizations through innovative, measurable, and outcome-driven initiatives.
- Section 3, ii – Calls for consulting with and seeking information from experts and various faith and community leaders from outside the Federal Government, including those from State, local, and tribal governments.
- Section 3 (b) v - Encourages the showcasing of innovative initiatives by faith-based and community organizations that serve and strengthen individuals, families, and communities throughout the United States.
- Section 3 (b) vii - Seeks to identify and reduce burdens...and barriers to the full and active engagement of faith-based and community organizations in Government-funded or Government-conducted activities and programs.
- Section 3, iv - Requires all agencies, without a Center for Faith and Opportunity Initiative, to designate a Liaison for Faith and Opportunity Initiatives.

As I mentioned to you, I am working in Shamokin, PA, as part of the Office of Environmental Justice's "Community Support Services" to assist the community in efforts to address their environmental issues and revitalize their community, which is being led, in part, by some of the faith-based leaders in the community. At a future date, I'd be happy to share more information with you about this collaborative work.

As we also discussed, I will be back in touch with you two to share any information I find about tools that faith leaders and faith-based organizations can use to identify EPA resources (technical and financial) to help them address the environmental and public health concerns in communities within which they serve.

Thanks,

Danny

**Subject:** OW review needed

Hi Jess,

I need your help in getting the right people at OW to review certain portions of the attached document.

The Administrator asked me to put together the attached document, which is a tool for houses of worship building managers to ensure that they are mitigating environmental hazards. To create this draft, we **Ex. 5 Deliberative Process (DP)**, but I need your help in ensuring that the references to existing laws/regs are applicable to private, non-profit entities. In particular, can you ensure OW reviews **Ex. 5 Deliberative Process (DP)** by COB next Wednesday (9/4)?

Please give me a call if you have any questions.

Thanks for your help.

I know you guys have been slammed the last couple of weeks, but I need this back by COB next Thursday at the latest.

### Ex. 5 Deliberative Process (DP)

### Ex. 5 Deliberative Process (DP)

Can

you guys take care of this by next Thursday? Should be a fairly easy lift, I just need to make sure none of the stuff in the sections below are inapplicable to private non-profit orgs.

Brett

**Subject:** AO Request

Hi Clint and Alex,

I need your help in getting the right people at OAR to review certain portions of the attached document.

The Administrator asked me to put together the attached document, which is a tool for houses of worship building managers to ensure that they are mitigating environmental hazards. To create this draft, we [Ex. 5 Deliberative Process (DP)]  
[Ex. 5 Deliberative Process (DP)] but I need your help in ensuring that the references to existing laws/regs are applicable to private, non-profit entities. In particular, can you ensure OAR reviews? [Ex. 5 Deliberative Process (DP)]  
[Ex. 5 Deliberative Process (DP)] by COB next Wednesday (9/4)?

Please give me a call if you have any questions.

Thanks for your help.

Brett

Hi Janita,

I just spoke to Jess and she indicated that she is fine with the draft as written, can you send it to me? I'm sending the draft to the Administrator tonight for his review.

Hi Brett,

Apologies for the delay. I have the updated draft from Christina, and need Jess to review it. Let me check in with her today to get an ETA.

Thank you,  
Janita

Hi Alana and Aaron,

Please see the attached documents for AAW's review. This is the booklet that he will announce on the 10/2 faith leaders call.

The attached word document is the up-to-date draft that requires AAW's review. The PDF document is outdated, but I'm attaching it and ask that you share it with him so he has a sense of what the final document will look like when it's formatted.

Please give me a call if you need any more clarification.

Thanks,

Brett
